

At SLTEC® We've Been Investing in Your Future

Deliver controlled and highly targeted nutrient management with SLTEC® fertigation solutions. SpringStart® & Green and Gro® multi nutrient liquid blends offer a major step forward for Australian agriculture. Increasing performance, saving time, reducing OH&S risks, to take crop nutrient management to a whole new level.

Our Products and Services:

- New liquid blend fertilizer facility in Nth Victoria
- SpringStart® & Green and Gro® multi nutrient liquid products tailored for specific crop & environmental requirements:
 - SpringStart® products help establishing row crops spring into action
 - Green and Gro® products tailored for vegetables, tree and vine crops
- Hydroponics & specialist custom blend services
- 1,000 L & Bulk options, 48 Hour on farm delivery of selected blends
- Flexible farm storage options (1,500 to 10,000 L custom fertigation tanks)
- Larger industrial storage & injection options
- Fertigation injection & agronomic support available
- SLTEC® Products provided through our dedicated and professional dealer agronomist team
