

Got the latest
mobile phone
yet still lugging
fertilizer bags?

What about the latest nutrient technology for your crops?

Pump it, don't lift it and harvest the benefits.

Just like many technology advances, once you have it, you wonder how you ever survived without it. Why not try SLTEC liquid fertilizers? You'll never look back! A range of nutrient blends are now available to suit your specific crop and soil needs.

SLTEC Liquid Fertilizers:

- Take the strain out of fertilizing your crop
- Eliminate the need to lift and shift heavy fertilizers, saving you time and unnecessary effort
- Are concentrated solutions offering 100% dissolved and crop ready nutrients
- Made locally, available in bulk or 1000 L IBC's
- SpringStart® & Green and Gro® multi nutrient liquid products are tailored for specific crop & environmental requirements:
 - SpringStart® products help establishing row crops spring into action
 - Green and Gro® products are tailored for vegetables, tree and vine crops
- Include hydroponics & specialist custom blend services
- Can provide 1,000 L & Bulk options, 48 Hour on farm delivery of selected blends
- Are supported by an experienced agronomy & technical team

Brought to you by SLTEC®, the leaders in integrated fertigation solutions.
